# The "Mehl Auction Method"

---

Only a casual examination of this catalogue is necessary to convince you of the really interesting variety of coins, both United States and foreign—many very scarce and rare—that is offered in this sale. I invite your bids for such pieces as interest you.

---

---

Remember, that in bidding at my sales, I want you to be free from any misgivings as to the probable condition of the coins. I want you to feel that the coins *are* as catalogued. But please bear in mind that *you* and you only are to be the judge whether or not the coins come up to catalogue descriptions, or rather to your standard. I invite your bids upon my guarantee of absolute satisfaction, and want you to return anything that is not absolutely satisfactory regardless what the reason may be.

Please send your bids early.

Cordially yours,

**TERMS OF SALE**

---

**PLEASE READ BEFORE BIDDING.**

All bids are entered as received and lots distributed to the highest bidder without reserve. When two or more bids are the same, the first received gets the lot. When two or more unlimited bids on a certain lot are received, the first one received gets the lot at an advance of 5% over the highest bid.

When I receive your bids, I consider myself as your agent and buy the lots for you as much under your bids as the next highest bid will permit. I simply execute your bids for you as faithfully as if you had yourself been present at the sale.

**I CHARGE NO COMMISSION FOR EXECUTING BIDS.**

Lots sold as catalogued. No lot is broken under any circumstances. Bid by number of lot and at SO MUCH PER PIECE. If there are ten pieces in a lot and you want to offer \$1.00 for the lot, make your bid 10c.

I guarantee all coins and notes to be genuine unless otherwise stated in the catalogue. This guarantee holds good indefinitely.

**TERMS:** The terms of auction sales are strictly cash. Parties unknown to me must send a deposit covering at least 25 per cent. of their bids or send satisfactory reference, otherwise they will not be accepted, as I cannot be expected to ship goods to parties whose good standing is not known to me.

Remittance should be made promptly in any way most convenient to yourself.

A neatly printed list of prices of this sale, showing amounts realized for each lot, will be sent for only 50c, CASH WITH ORDER. This is surely the cheapest and best method to keep posted on the prevailing prices of coins.

**PLEASE SEND IN YOUR BIDS EARLY.** All bids must be in on or before Thursday, October 30, 1913.

If you have any coins that you want to sell either at auction or private sale, write me for terms.

**NOTICE TO NEW BIDDERS.**

Buying coins at auction sales is not the same as receiving coins on approval. The coins are bought for you on your order and you are of course expected to accept and pay promptly for them. Auction purchases are strictly net cash. Be careful in making your bids. Be sure that you bid for the lot you desire and at so much PER PIECE. Read the terms of sale before bidding.

# WHEN YOU THINK OF SELLING YOUR COLLECTION

Kindly consider the number of collections I sold in the the past two years—the number of collections where the *name of owners was given*. These are *facts* which serve as substantial proof of the quality of my auction service.

Nothing is so empty and unconvincing as superlatives “best,” “greatest,” “finest.” No one takes them literally. No purse strings were ever opened by them.

My claims for my business methods are plain statements of truth based upon proven facts and open to the closest examination.

Let me *prove* to you the satisfactory results you will obtain by placing your collection in my hands.

“My terms are not the ‘lowest,’ but are the ‘cheapest.’ ”

A complete detailed description of my popular and satisfactory auction methods will be cheerfully sent you without the slightest obligation or cost to you.

Always happy to serve you,

B . MAX MEHL
